## Tips for a GREAT YEAR:

- Go through your child's backpack, they love to show off their hard work and it reinforces the concepts they are learning in class.
- Read to your child every day! Studies have shown that doing so activates the parts of preschoolers' brains that help with mental imagery and understanding narrative – both of which are key to the development of language and literacy.

We are excited to get to know your little ones! Please don't hesitate to contact me with any questions!
